SWEDEN

Order Specification Form

The information asked for is necessary for SP Fire Research to be able to correctly carry out the tests and to write the corresponding test reports. Please provide answers for all the relevant questions regarding the specific material to be tested. Send the material/product to the address given above. Use the Tab-key to fill in the form.

Data on client

1. Purchase order no., if any

2. Test method

3. Client's name, address and VAT. no

4. Client's contact person

5. E-mail of contact

6. Phone no. of contact

7. Manufacturer's name and address

Material data

8. Name of the material (as it should be stated in the test report)

--

9. End-use of the material (floor, wall covering, ceiling, etc., including mounting and fixing)

--

10. Sampling details, if relevant (batch no., date of production, etc.)

--

11. Manufacturing process, if relevant (extrusion, lamination, etc.)

--

12. Material properties

Tested thickness(es) (mm)		Density (kg/m ³)	
End-use thickness(es) (mm)		Area weight(s) (kg/m ²)	
Colour(s)		Material composition in percentage	
Organic content (%)		Surface to be tested	

13. Composites materials

	Composition/Content (type / %)	Thickness (mm)	Density /Area weight (kg/m ³ / kg/m ²)
Layer 1			
Layer 2			
Layer 3			
Layer 4			
Layer 5			

14. Fire retardant treatment

Yes

No

If Yes:

Name of FR	
Treatment process	
Drying process	
Additional surface coating	
Content per mass, dry (kg/m ³)	
Amount of impregnated liquid in kg/m ³ and concentration in liquid in %
